# METAL PLATING & FINISHING

## Production Plating

Barrel & Hoist Line Available

**COMING SOON**  
NADCAP  
Certification

**Anodize** Type II and Type III  
Clear, Black, Gold, Green, Grey, Purple, Red, Blue  
MIL-PRF-8625 Type II, IIB, & III Class 1 & 2

**Black Oxide** MIL-DTL-13924

**Bright Dip** Brass and Copper

**Cadmium** Clear, Yellow, Olive Drab  
QQ-P-416 AMS-QQ-P-416 AMS 2400 ASTM B766

**Chemical Film** Clear, Gold, RoHS Compliant (Clear)  
MIL-DTL-5541 MIL-C-5541 AMS-C-5541

**Copper** Bright Acid and Cyanide  
MIL-C-14550 AMS 2418

**Gold** 24K  
MIL-G-45204 ASTM B488 MIL-DTL-45204

**Nickel** Bright, Sulfamate, Electroless  
QQ-N-290 AMS 2403 AMS 2424  
SAE-AMS-QQ-N-290 AMS-QQ-N-290  
MIL-C-26074 AMS 2404 ASTM B733

**Passivate** QQ-P-35 AMS 2700 ASTM A967 ASTM A380

**Phosphate** Zinc  
MIL-DTL-16232 TT-C-490 DOD-P-16232

**Silver** QQ-S-365 SAE-AMS-QQ-S-365 ASTM B700 AMS 2410  
AMS 2411 AMS 2412

**Tin** Bright Acid, Matte  
MIL-T-10727 ASTM B545

**Zinc** Clear, Yellow, Black, Olive Drab  
QQ-Z-325 ASTM B633

**FREE PICK-UP & DELIVERY**  
exclusions apply · call for more info

\*Price match is a like-for-like comparison against a competitor with comparable certifications & qualifications, and requires valid supporting documentation (email alone not accepted).

## Metal Finishing for Critical Applications

Since 1966, Texas Precision Plating has been a leader in the metal finishing industry. Operating out of our multi-building facility in Garland, Texas, we specialize in high-complexity plating for the most demanding technical applications. Our team of 50+ specialists provides meticulous attention to detail and industry-leading turnaround times.

### Why Partner with Texas Precision Plating

**Legacy of Excellence:** Over 55 years of experience in the DFW Metroplex with a deep understanding of MIL-SPEC requirements.

**Volume Flexibility:** Equipped with both high-capacity Automatic Barrel lines for small parts and Hoist lines for oversized or delicate components.

**Quality Verification:** In-house X-Ray thickness testing ensures every lot meets the exact micron specifications required by your engineering prints.

**DFW Local Logistics:** Our fleet offers complimentary transport to local machine shops, streamlining your supply chain.
